## IMMIGRATION PROCEEDINGS ARE CHANGING

From **December 2006, the 11<sup>th</sup>**, many things will change for foreign citizens

### WHAT CHANGES :

- **The proceedings and the forms for the appliances formerly required in the Central Police office (Questura)**

### New formalities for:

- **renew of the permit to stay**
- **appliance of residence card**
- **updating/modifying of the two former documents**
- **other appliances**

**The foreign citizen SHOULD NOT APPLY TO THE POLICE OFFICE ANY MORE, using the POST OFFICE services instead.**

The person who immigrates should apply to the Post offices, where the special **KIT** of forms for the permit to stay or other kinds of forsaidd documents will be **available for free**. It will be necessary to fill the forms adding all the documents required, after wich the appliance can be sent by Post. The price fixed by law is 30 € + the official stamp price. The foreign citizen will be given a RECEIPT, confirming the appliance has been sent. **NB: Every person should present the own appliance personally.**

### WHAT WILL NOT CHANGE :

NOTHING CHANGES by now for the proceedings of :  
Family reunion  
Other appliances already in fieri

## What do CISL , ANOLF and "patronato INAS" do

Granted that every person can choose to fill the forms by him/herself or to ask anybody for a help, **CISL, ANOLF and INAS have organized a special service to help the foreign citizens with the changing proceedings** (such as renew of permit to stay, appliance of residence card, updatings, modifyings and other appliances). In order to increase our efficacy, **the admittance to this service will work by APPOINTMENT.**

By the authorisation of the Home Office, INAS is now enabled to forward the appliances by telematics, wich is a way to prevent mistakes while filling the forms: in this way You can be sure, when you will send it by Post, that your appliance is correct and no delays may occur due to its form.
